School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Sutter Peak Charter Academy (SPCA) opened in the fall of 2015 as an independent charter school. SPCA was founded by the Pacific Charter Institute, a 501 (c) 3 tax exempt non-profit organization of charter school leaders in the Northern California area. Currently, Pacific Charter Institute's Board of Directors governs four public charter schools serving a total of approximately 3000 students.

Sutter Peak Charter Academy offers TK-12 students a personalized learning program. Every SPCA student has access to one-to-one teaching through student-tailored, standards-based curriculum. Sutter Peak was founded on the principle that education works best when it is tailored to student's individual strengths and needs. Our goal is to work cooperatively with students, parents, and the broader community to develop each student's greatest potential. We leverage the flexibility of the independent study model to empower SPCA students to meet their educational goals. Sutter Peak Charter Academy has a clearly stated vision and mission based on its student needs, current educational research, and the belief that all students can achieve the highest academic standards.

Vision - "SPCA is developing self-motivated, educated individuals who will spread the wealth of knowledge worldwide in a meaningful way."

Mission - "Sutter Peak Charter Academy empowers students to take charge of their education by connecting their individual needs and interests to a rigorous learning plan, thus creating responsible citizens, critical problem- solvers, and lifelong learners."

Central to Sutter Peak Charter Academy’s vision and mission is the Academic Triangle, defined by the interdependent relationship of the teacher, the student, and the parent. The dynamics surrounding this vital geometry assists in ensuring that the student and parent both realize the scope of the overarching goals for all students at the school. The teacher develops personal learning tools to successfully complete the curriculum. The Academic Triangle is the symbol for what is expected for each student in that it empowers each agent of the triangle to take charge of the educational plan, regardless of the stability of all of the legs.

Both the mission statement and vision present clear expectations that students become active participants in their own education and their future. The strength of the Academic Triangle lies in its essential ability to support students who may not have sufficient academic stamina or self-motivation at the time of enrollment. The teacher or parent may have to take on the greater role until the student progresses to expected levels. Further, the school’s commitment to the educational pursuits of each student is evident in the variety of curriculum provided to match a student’s abilities and interests.

The vision and mission for Sutter Peak Charter Academy work in concert to ensure that the school continues to strive for high academic results for every student. School administration regularly review student educational data to determine student need and alignment of student learning with vision and mission. Professional development organized in concert with and as a result of the review of student educational data. The governing board additionally reviews student educational data and approves policies that support school-wide learner outcomes.

Academic Standards are central to school-wide learner outcomes. SPCA implements and uses appropriate California State Standards based curriculum along with standards based supplemental supports for all students. We also utilize a variety of online support programs that are aligned to Common Core Standards and are California specific.

Additionally, SPCA addresses its school-wide learner outcomes and academic standards through the implementation of the Academic Triangle model which ensure the fidelity of our mission and vision. This includes students that are socio-economically disadvantaged, English learners, foster/homeless youth, credit deficient, or academically challenged. We are committed to producing self- motivated students who develop an appreciation for lifelong learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	26	N/A	32	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

SPCA prepares students for college and career paths by using standards based curriculum, interest assessments (Career Cruising) to identify engaging courses, and develop personalized learning plans for high school students. Sutter Peak's CTE (Career Technical Education) online certificate program (icevonline.org) is embedded into elective coursework to guide post-graduation plans for navigating college and CTE pathways. Students earn industry certifications which are developed by industry leaders, reflect the needs of real-world career expectations and distinguish students from their peers when applying for jobs. Certifications reflect real-world scenarios, preparing students for not only post-secondary education but also the workforce. One hundred percent of our high school graduates will have either taken a minimum of two college level courses (typically at a local community college) and/or will have completed an industry sponsored certificate by using our online CTE curriculum. Courses are easily accessed online and teachers, school counselors and PCI/district monitors their progress. Students can choose from 15 CTE courses:

- Fundamentals of Animal Science
- Equine Management & Evaluation
- Veterinary Medical Applications
- Plant Science
- Principles of Floral Design
- Principles of Livestock Selection & Evaluation
- Principles of Small Engine Technology
- Business Office Technology
- Personal Financial Literacy
- Career Preparedness
- Culinary Meat Selection & Cookery
- Food Safety & Science
- Meat Evaluation
- Professional Communications
- Ecology Conservation & Management

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-56-20 was issued which waived the requirement to administer the physical fitness performance test for the 2019–2020 school year.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Sutter Peak Charter Academy uses a range of methods to consult with and receive parental input. This includes but is not limited to parent, student, and teacher Academic Triangle collaboration, email and phone communication, TEAMS meetings, social media platforms, parent and student surveys, parent participation in school activities, and parent contributions to school protocols development.

The Academic Triangle is a powerful and unique feature to Sutter Peak in which the three major stakeholders; the teacher, the student, and the parent work together to develop solid academic plans for the student based on various criteria. The criteria include the student’s past academic performance, personal direction in education, home life, personal life, affiliations and relationships, and current status. Based on these criteria, the Academic Triangle is best able to determine the intensity of the educational experience and the right combination of opportunities.

Parents and students are surveyed to determine their satisfaction with Sutter Peak Charter Academy. This reflective survey will help the school make program modifications to better serve the students. The faculty, administration, and the board will review the results of the surveys.

Parents are physically involved in school activities through a variety of events. Every parent is invited to attend and participate in school events, meetings and activities. This group of parents, teachers and director, provides input for school spending, activities and academics. Parents attend all fieldtrips with their children. Fieldtrips include, but not limited to: Local plays and performances, and local museums. Parents are also invited to attend co-operatives that provide enrichment for students through classes such as art, math and language enrichment. Due to the restrictions of COVID-19, field trips and school events have been restructured to meet local safety guidelines.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	2.5
Expulsions	0.0	0.0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Sutter Peak Charter Academy receives no categorical funding and has no site, therefore we are not required to have a comprehensive Student Safety and Evacuation Plan in place.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

Professional Development at Sutter Peak Charter Academy provides both breadth and depth on current topics in education. During the year we focus extensively on teaching strategies, online academic programs. These topics are chosen from the student learning plans as identified by the student's master course list, benchmark and cumulative testing.

We are continuing to embrace the Common Core State Standards and implementing them in core, supplemental curriculum, and interventions. Our commitment is to make professional development relevant and timely so that our students benefit from what the teachers learn.

- Sutter Peak conducts 5 days of in-service training at the beginning of each school year. However, an ongoing professional development plan is in place for our staff based on a three-tiered model. District Wide, Site-Wide and Individual growth model. This allows our instructional staff to achieve competency in multiple paths. With the use of our LCAP monies in addition to our general fund, the following focuses were developed with input from all staff members via a district-wide survey: Common Core Professional Development which included the following: Beginning Teacher Induction as well as the opportunity for teachers to access all County Office of Education Professional Development Opportunities. Additional Online Learning Programs and Supports as a result of use of a hybrid model of online learning platforms for student and teacher use. Using Data to Support Learning and Instruction Using Technology to Support Learning

In the most recent year, teachers received training on DIBELS benchmark intervention programs, Exact Path intervention programs and curriculum support. In alignment with school goals, all Sutter Peak teachers attended a monthly, two hour training dedicated to teaching and supporting all students in writing. Teachers are invited to attend additional writing training and team support two times per month. Teachers have access to additional monthly training from the district EL support provider to focus on the best practices and supports for our English learners. Finally, all teachers are invited to attend monthly Early Literacy support trainings.

All areas of PD are designed to support staff while they support students with the greatest academic need. Our CAASPP indicates that the majority of our students need help with reading and mathematics, grades 3-8 & 11. Staff meets weekly either in person or online. It is during these meetings that staff are provided training for online academic support programs, data based instruction and the use of technology for instruction and intervention. Trainings that exceed two hours are done in person at a conference training facility, district office or county offices. Follow up training is supported through mentoring by a lead or expert teacher, trainers or school director. Student data is frequently reviewed to support teacher implementation as well as to define the need for additional supports or program adjustments.
