### **Journeys Tips for Parents:**

- The workbook pages from the <u>Reader's Notebook</u> sometimes cover one skill over 3 pages worth of work. Do the pages in number order because they get progressively harder. You will want to have your student start with the basics and move up to more challenging work over the course of the week.
- Vocabulary review (in <u>textbook</u>): before reading the anchor text for the week review the vocabulary words provided on the page before. You will notice there are not definitions for the words. You need to read the word, look at the picture, and see how the word is used in the sentence provided. Then ask your student to come up with a definition using their own words. This provides valuable instruction by helping our growing readers use words in context to find the meaning of them.
